CLEMSON CONCERT ORCHESTRA PLEASES SEVERAL AUDIENCES

**Classical Musicians Make Tour
of State, Giving Four
Concerts**

The Clemson Concert Orchestra has returned from a tour of South Carolina. The itinerary included Batesburg, Greenwood, Orangeburg, and Bamberg. At Bamberg the concert by the Clemson musicians was one of the features of a gala music festival.

The orchestra has instilled a classical tonic in the music lovers of this state. It is the only college orchestra of its kind in South Carolina, and its presentations are becoming the criterion by which college music is being judged.

The commendation received shows that the orchestra is establishing a splendid reputation throughout the state. A musician of repute says that the legislature should make an appropriation to assist this organization in carrying on its good work. The organization is making a name for itself and for Clemson. Under the leadership of Prof. Ed Freeman it has made rapid strides.

The largest audience which greeted the orchestra was at Bamberg where approximately nine hundred music lovers were present. Large attendances were recorded at the other places too.

The Clemson band will make a six-day trip over the state during the latter part of this month and its concerts too should prove very enjoyable and worthwhile to the people of the state.

DR. SIKES BECOMES PHI BETA KAPPA

**Clemson President Also At-
tends Campbell Inaugura-
tion at Coker**

Notice was received by President Sikes during the past week of his election to honorary membership in the Phi Beta Kappa chapter at the University of South Carolina. Dr. Sikes has accepted the honor and will be present at the installation ceremonies at the university April 8. Following the ceremonies he and Mrs. Sikes expect to be present at a dinner given by the chapter at the Jefferson hotel. Dr. and Mrs. Sikes will be present at the inaugural services of President Carlyle Campbell at Coker college the 7th and they will come directly to Columbia for the ceremonies at the university the next day. At the inauguration of President Campbell Dr. Sikes will speak for the state colleges.

U. S. D. A. EXTENSION OFFICIAL COMES HERE

O. B. Martin, extension field agent of the United States department of agriculture and formerly state superintendent of education for South Carolina, spent a day at Clemson college in conference with Dr. W. W. Long, director of the extension service, President E. W. Sikes and others, considering plans for the promotion of extension service activities.

INSPECTING BOARD TO BE AT CLEMSON

**War Department Officers to
Examine R. O. T. C. Friday
and Saturday**

An inspecting board, consisting of Major E. A. Stockton, Jr., and Major Wm. F. Robinson, both of the General Staff, Washington, D. C., will be at Clemson Friday and Saturday to make the annual inspection of the R. O. T. C. unit.

During the two days these officers are at Clemson they will inspect all phases of the military work here. Both drill ground, combat, and class-room work will be gone over, and all details of administration and barrack conditions will be inspected.

The results of the board's examination of the unit will determine whether or not Clemson will be continued to be rated by the War Department as a Distinguished Military College, an honor the college has held for a number of years.

PLANS FOR FESTIVE JUNIOR-SENIOR HOP NOW WELL UNDER WAY

**Dancing Club Officers Deter-
mined to Make Dance Best
of Year**

With the intention of making the Junior-Senior Dance, which will be given immediately after the annual Junior-Senior Banquet on the evening of May 7, the most brilliant event of the year, officers of the Senior Dancing Club are now preparing plans for that hop.

A meeting of the Senior Dancing Club was held Tuesday night at which time discussion of plans for the big May prom which is given by the Senior and Junior clubs jointly was begun.

Plans are being made to secure one of the best orchestras in the South for this dance, and L. H. Simkins, president of the Senior Dancing Club hopes to announce just what orchestra this will be in the near future.

Both freshmen and sophomores will be allowed to attend the Junior-Senior dance, though of course they will not be present at the banquet. Gentlemen other than cadets and members of the faculty will be admitted to the dance only on presentation of an invitation and payment of a fee of five dollars. No one not in formal dress will be admitted.

Orders for dance cards for the Junior-Senior are now being taken in Room 133, and all who plan to attend the dance should place their orders at once. Due to the cost of these cards, which are of leather, suitable to keep as tokens of the occasion officials of the dancing club must have the orders before they place the contract for the cards.

New Hampshire Day is one of the oldest traditions of the University of New Hampshire. On this day every one in the university joins in improving the grounds. One of the biggest accomplishments started on New Hampshire Day was the construction of a university lake, begun in May, 1924, and completed in September of that year.

FURMAN TRACK TEAM DOWNS CLEMSON IN FIRST MEET OF YEAR

**Hornets Rally to Get One-Point
Victory Over Tiger
Tracksters**

The Tiger track team dropped the first meet of the season, and the first contest of its kind that Clemson has lost in the state in twelve years, when the Furman University track team won by the narrow margin of one point Saturday afternoon, the score being 56 1-2 to 55 1-2. The contest was close throughout, and some exceptional records for this early in the season were set.

The Tigers placed in all events except the running broad jump and the discuss throw, while they monopolized the 220 yard dash. Turner of Clemson won this event with Mitchell of Clemson second, the time being 28.6 seconds. Meeks of Furman won the running broad jump, Beasley coming second. Smith of Furman, won the discuss throw, the distance being 119 feet 8 inches. Furman took both places in the discuss throw also.

Probably the most sensational event of the meet was the 440 yard dash. Hammett of Furman clipped off this distance in one second less than record time, beating Roy, who was pushing him close, to the tape. Roy's record which he set last spring at the state meet in Clinton was fifty-one seconds, but Hammett now holds a new record for quarter, his time being fifty seconds.

Meeks and H. E. Smith, of Furman led in point scoring, each gathering 13 during the afternoon. Clemson's most valuable man was Odell who contributed 12 points.

Winners and records for each event follows:

100-yard dash, Hammett, Furman, first; Mitchell, Clemson, second, 10.2 seconds.

One mile: McLeod, Clemson first, W. A. Smith, Furman, second, time 4 minutes, 42.2 seconds.

120-yard high hurdles, Meeks, Furman, first; Odell, Clemson, second, time 16.8 seconds.

Pole vault, Odell, Clemson, first; Jones, Furman, and Cullom, Clemson, tied, second, height, 10 feet, 9 inches.

220-yard dash, Turner, Clemson, first; Mitchell, Clemson, second, time 24 seconds.

Shot put, Roy, Clemson, first; Smith, Furman, second, distance 38 feet, five inches.

440-yard dash, Hammett, Furman, first; Roy, Clemson, second, time 50 seconds.

220-yard low hurdles, Marchbanks, Clemson, first, Wood, Furman, second, time, 28.6 seconds.

High jump, Beasley, Furman, and Odell, Clemson, tied for first and second height, 6 feet.

880-yard dash, Newman, Clemson, first; Meeks, Furman, second, time, 2 minutes.

Discuss, Smith, Furman, first, Ezell, Furman, second, distance, 119 feet, 8 inches.

Two-mile run, McLeod, Clemson, first; Smith, Furman, second, time 11 minutes, one second.

Running broad jump, Meeks, Furman, first; Beasley, Furman, second; distance 21 feet, 3 inches.

Javeline, Smith, Furman, first, Dupre, Clemson, second, distance 174 feet, 9 inches.

SPRING HOLIDAYS ENJOYED BY CADETS

**Clemson Students Return From
Welcome Rest Monday
Night**

After five days of pleasant vacation from classes and other college work, Clemson students returned to the college Monday night, and the regular schedule of college work was resumed Tuesday morning.

Large numbers of cadets went to their homes, while others visited nearby towns. Various girls colleges of the state were Meccas for large numbers of Tigers during the holiday period, while the Magnolia Gardens at Charleston attracted others.

CIVIL ENGINEERS FEAST AT STARR

**Student Chapter of A. S. C. E.
Gathers at Pruitt House
for Banquet**

Members of the Clemson student chapter of the American Society of Civil Engineers assembled around the festive board at the famous Pruitt House at Starr last Wednesday night to enjoy their annual banquet, and the occasion was one of the most successful ever staged by that organization.

Never was seen such a feed. The far-heralded reputation of the noted eating-house was more than sustained by the feast set before the civils. No transit was required to sight on the viands, but a very long chain would have been required to measure the extent of the dinner.

At the head table Prof. Kavanaugh took the eating honors, but he was rivalled by Elias McGee who walked away with second table honors.

After the dinner J. B. Caughman, president of the chapter, called on Prof. E. L. Clarke, head of the civil engineering division, Prof. S. B. Earle, director of the engineering department, and Dr. E. W. Sikes, president of the college, who were honor guests, for remarks, and each responded briefly.

Prof. Clarke praised the esprit de corps of the civil engineering students and lauded the custom of holding an annual social meeting.

Prof. Earle touched briefly, after expressing his pleasure at being the guest of the civils, on the importance of the human side of engineering.

Dr. Sikes described his newly formed acquaintance with engineers of all kinds and expressed the hope that Clemson's engineers will do their part and more in the building of the nation.

Those present included Dr. E. W. Sikes, Prof. S. B. Earle, Prof. E. L. Clarke, Prof. H. E. Glenn, Prof. Dennis Kavanaugh, Mr. Blandford, Lippincott, J. W. Adams, J. L. Aull, J. K. Avent, C. M. Barr, L. S. Bouknight, C. E. Britt, J. B. Caughman, T. J. Hendrix, T. L. Hughston, J. N. King, E. T. McGee, J. B. McKerley, S. E. Liles, J. E. Rosmand, L. A. Seaborn, B. M. Smith, W. W. Bryan, J. E. Walker, and D. H. Ross.

BLOCK 'C' CLUB PLANS ATHLETIC BALL APRIL 23

**Annual Dance To Be One of
Best Proms of This
Season**

The next big social event that will make glad the hearts of the cadets will be the Athletic Ball, which will be given on April 23, by the Block C Club. This Ball is an annual event and is always a great success. Most elaborate plans have been made for the one this year.

The proceeds of the dance are to pay for the sweaters and blankets that the letter men get.

The decorations will be very pretty and appropriate to the occasion. The music will be furnished by the new Jungaleer Orchestra. This orchestra is a great improvement over the Jungaleers of last year. They have made a tour of the state with the Glee Club and nothing but compliments were heard on all sides.

The dance will be scrip dance and all cadets will be allowed to attend. One feature of the prom will be a dance in which none but Block C men will dance.

Everyone who dances should write to his girl immediately and let her make plan to be on the campus on April 23 for the bigger Athletic Ball. Put the names on list in Room 135.

TIGER SONGBIRDS APPEAR IN TOCCOA

Continuing a highly successful season, the Clemson Glee Club gave a concert last Tuesday night at Toccoa, Georgia. An appreciative audience attended the show and seemed much pleased by the performance of the Tiger Songbirds.

The varied program offered this year by the Glee Club, including as it does, standard and popular music of all and comedy in addition, has pleased audiences in all parts of the state, as well as in adjoining states.

Presbyterians Entertain Cadets With Banquet

Thursday evening the Presbyterian church was host at a dinner given for all cadets of that church, together with the officers and Sunday school teachers. The dinner was served by the members of the Woman's auxiliary in the recreation room of the Methodist church. One hundred and fifty guests were present. The following visiting ministers were also present and made short addresses: The Rev. John McSweeney of Anderson, the Rev. Mr. Moore of Pendleton, the Rev. Mr. Estes of Walhalla and the Rev. Mr. Harris of Seneca. Judge H. H. Watkins was expected to be present but was prevented on account of illness.

Found: "The guy with the green gloves." The freshmen at the University of Washington voted recently to wear green gloves as a class distinction. The sophomores were wearing blue jeans as their class garb, while the seniors have accepted caps and gowns as theirs.

G. H. BRODIE	

EDITORIAL

On Friday and Saturday the R. O. T. C. inspecting board from the War Department will be at Clemson. Now is the college's chance to again be rated as a distinguished military college and every cadet has a chance to help his Alma Mater gain the distinction. Every man can help and should help to make this inspection a record one. Clemson was second in the corps area last year. Why not first this time?

ATHLETICS FOR ALL

A line of thought much along the line of that advanced recently by Dr. E. W. Sikes in his statements with regard to Clemson's athletic future is contained in the following editorial which we quote from The Atlanta Journal:

To get balance in college athletics and to insure to all instead of a few the benefit of wholesome sports the University of Oregon maintains a school of physical education. First-year entrants are examined with a view to ascertaining their degrees of fitness for this, that or the other activity. Those found to be below par are assigned to classes in which they are "trained up" to standards of agility and strength. Those passing the sundry classification tests are permitted, as in the elective system of studies, to choose their fields of major interest. Instruction is given in swimming, life-saving, wrestling, boxing, fencing, tumbling, tennis, handball, baseball, golf, football, volley ball, basket ball, soccer, apparatus work and track and field.

As to the "star athlete" problem, the director of the university's school of physical education writes, in the Nation's Health, "Men going out for teams are given full credit for their work. Upon completion of a season the student is required immediately to engage in another activity. In this manner a varsity athlete learns to play recreative games which will be of vast importance to him as a means of obtaining much needed exercise when he can no longer participate in the more strenuous athletic activities." This further fact of importance is pointed out by Mr. Scott: "Once habits of exercise are firmly established in the student, it is likely that the transition from college to business or professional life will be made without sacrificing the practice of regular physical exercise, which is so essential to the continual well being of the individual."

Highly interesting, and not without its surprises, is the list of the students' major preferences. Two hundred and twenty entrants elected swimming, one hundred and sixty-eight tennis, one hundred and forty track and field, one hundred and twenty-two basket ball, one hundred and thirteen hiking, one hundred and one diving, ninety-six baseball, ninety-five golf, seventy-one boxing, fifty-nine life-saving, fifty-two football, forty-nine wrestling, forty-three handball, thirty-five fencing, thirty-two tumbling, twenty-three apparatus work, and six soccer. "In no case", we are told, "has a student expressed himself as not desirous to gain skill in one or more activities. The inter-

ests in some cases dormant; in others overdeveloped, and the task of the university is to develop or control as needed, with the aim of all-round proficiency for all."

This program is notable as an acknowledgement of the magnifying intercollegiate contests at the expense of intra-collegiate athletics, and also as looking to the development of the rank and file rather than to the pampering of a few. In any realm the rare worth is certain to stand out and it is only merit should have its laurels. But the need of this as in most other matters, is to learn from the importance of measure in all things.

WAR DEPARTMENT BY CLEMSON CADETS HAS BEEN ABOLISHED

General Order Changes Regulations With Regard to Guard Details

The joyful news of the abolition of post-walking at Clemson was received last week with much glee. The announcement was made by Colonel Cole just before the cadets left for their Spring Holidays, and it is needless to say that when they were sure that it was not an April Fool joke they left school with light hearts.

In the past post-walking has been considered one of the most unpleasant and disagreeable of the elements of the military system. The long hours of misery spent in walking from one end of a long hall to the other will not soon be forgotten by the unfortunate privates who were forced to idle away so much of their time in such a manner. As these thoughts enter into their minds they realize the fact that this ancient custom is suspended, for a time at least, has created a more cooperative spirit among the corps. The guard duty has not been entirely abolished, but the system has undergone a radical change.

The General Order reads as follows:

1. Until further orders all paragraphs in the Cadets Regulations relating to guard duty are held in abeyance and the following will govern:

(a) The guard will consist of relating to guard duty are held an Officer of the Day, Officer of the Guards, Sergeant of the Guard, and two orderlies. With the exception of the two orderlies the guard will be detailed as in the past.

(b) The orderlies will be detailed daily by the respective company commanders, who will keep a roster of all privates with the exception of Seniors, for this detail, and will be responsible that all orderlies by their companies are inspected and that they make a proper appearance before they are permitted to report to the Commandant's office for duty.

2. The guard for each company will consist of one non-commissioned officer for each company area. They will be detailed daily by roster by their respective company commanders who will have the name and room number of the cadet so detailed posted on the company bulletin board. Tours of duty from long roll to midnight. He will see that order is maintained within his respective area.

3. In case of fire, the Company Commander of Company "A" will report two squads, with side arms, to the officer of the day for guard duty.

Deatherage Begins Work With Extension Service

John R. Deatherage, a graduate of the agricultural college of the University of Tennessee, has been appointed assistant agricultural editor of the division of publications at Clemson college, and has begun his new duties. He was for a time editor of The Tennessee Farmer, an agricultural journal published at the University of Tennessee, and has recently been with the Knoxville Sentinel, where he has had admirable newspaper experience. Mr. Deatherage succeeds J. Lewis Merritt, who resigned recently to enter business in Americus, Ga., his old

MAIL SERVICE FROM CLEMSON IMPROVED

Mail in Post Office by 6 P. M. Is Dispatched on Midnight Trains

Announcement has just been made by Mr. Lewis J. Goodman, of the Clemson College Post Office of a new arrangement of the mail dispatching service here which greatly facilitates the service and makes it the best possible.

The new arrangement provides for the dispatching during the night of all mail received at the Post Office before 6:00 P. M. This mail is placed on the 11:42 train from Columbia at Cherry's and is carried to Seneca where it is dispatched on Southern train No. 135 South, and on No. 36 North. A pouch is made for Anderson and all points over the state and placed on train No. 18 from Seneca, which passes Cherry's at 5:13 A. M.

This makes a decided improvement in the service which was badly crippled by the recent removal of two trains on the Blue Ridge railroad.

It is of interest to the cadets that mail received at the Post Office before 11:00 o'clock every morning is dispatched on the 11:40 train at Calhoun.

Mail received from all the night trains is distributed here between 6 and 8 o'clock in the morning.

A complete schedule of the mails dispatched and received is given below:

Mail dispatched from Clemson College Post Office daily:

7:00 A. M.—Train No. 29, Seneca, Atlanta, and all points West.

11:00 A. M.—Train No. 16, Greenville, all points in South Carolina, and Winthrop.

11:45 A. M.—Train No. 1, via Cherrys, Seneca and Walhalla.

1:45 P. M.—Train No. 37, Seneca, Anderson, Atlanta, and all points West.

4:00 P. M.—Train No. 38, North and all points in S. C.

6:00 P. M.—Train 17 and 18. Mail sent to Seneca to make connection with other trains, via Cherrys.

Mail received at Clemson Post Office:

6:00 A. M.—Trains 17 & 18. (New trains via Cherrys; this mail was formerly not received until 8:00 A. M. from train No. 29. Is now distributed before the arrival of No. 29.)

8:00 A. M.—Train No. 29 from N. Y. C. and all points north.

12 M.—Train No. 16, Atlanta and all points West.

12:30 P. M.—Train No. 1, via Cherrys, from Columbia and all points in S. C.

2:45 P. M.—Train No. 39, N. Y. C. and all points North.

5:00 P. M.—Train No. 38, Atlanta and all points West.

GILMORE, CLEMSON MAN, JOINS L. C. MARTIN

It will be of interest to all Clemson men to know that Dr. McCullum of the L. C. Martin Drug Co. has secured the services of William D. Gilmore, an ex-student of Clemson.

Mr. Gilmore is from Holly Hill, S. C., and attended Clemson during the years of 1918, '19, '20, and '21. From Clemson he went to the Atlanta College of Pharmacy, where he received his diploma in pharmacy. Mr. Gilmore is well-fitted for the position, and on account of his knowledge of pharmacy will add much to Martin's service.

MANY COLLEGES ENTERED IN RELAY CARNIVAL

The annual Southern Relay Carnival, to be held at Georgia Tech Saturday with the Clemson team as one of the strong entries, will bring together the largest number of athletes ever gathered for an athletic event in the South. More than 1,000 track stars will compete in the different events.

Sixteen Southern colleges, Ohio State University, University of Indiana and University of Havana will send entries to the big meet. Twenty-two prep and high schools are also entered.

SOUTH WELL REPRESENTED.

Among the Southern Conference schools which have entered are Tulane, "Ole Miss" Mississippi Aggies, University of Georgia, Clemson, Sewanee, Washington and Lee, Tennessee, Alabama, Auburn, Vandy, Florida, University of North Carolina, L. S. U., and Georgia Tech. Oglethorpe will be the S. I. A. A. entrant.

Pepper, of Mississippi Aggies, the sensation of the 1924 relay, and George Guthrie, of Ohio State, who holds the world's record for the hurdles, will participate in the events.

North Carolina is bringing another brilliant relay team. The Tarheels won the one-mile relay last year and have the same team entered again for Saturday.

University of Indiana is expected to enter a strong team.

The colleges entered with the coaches are as follows:

Colleges. Coach.
Tulane University, F. E. Oakes.
University of Mississippi, K. P. Vinsel.

University of Georgia, H. J. Stegeman.

Clemson College, W. H. Saunders.
University of the South, B. H. Moore.

Washington and Lee, Forrest Fletcher.

Mississippi A. & M., B. W. Bierman.

University of Tennessee, A. W. Hobt.

University of Alabama, H. G. Crisp.

Auburn, Wilbur Hudson.

Vanderbilt, Will Anderson.

Georgia Tech, Harold Barron.

Oglethorpe, Harry Robinson.

University of Florida, Al Brown.

Indiana, E. C. Hayes.

University of North Carolina, R. A. Fezer.

Ohio State, F. R. Cattleman.

L. S. U., Ted Cornerley.

University of Havana, R. L., Kendrick.

GREENVILLE, SOUTH CAROLINA

TIGER BASEBALLERS LOSE TWO GAMES TO FURMAN HORNETS

Games in Both Clemson and Greenville Result in Defeat

The Clemson Tiger baseball team twice met defeat at the hands of the Furman Hornets last week, the Hornets winning from the Tigers here Thursday by a nine to five count, and then copping the Saturday game in Greenville 2 to 1. In the first game of the series the Tigers started off in fine style, and it looked as if they were going to run rings around the Hornets, but the Hornets had some objection to being left at the post. The first inning ended with the score tied 2 and 2. The Hornets started a slugfest in the second that enabled them to annex three runs to the Beasts' one. Huggins, first at bat in that inning of the visitors got a two bagger. Rawls came to the plate and socked one into the bleachers for a homer, bringing in two runs. McGee added a third, thus giving Furman a safe lead which they maintained throughout the game. A costly error in the ninth allowed two more runs, giving the Hornets the advantage of a four run lead.

Although the Tigers got more hits than the visitors, they were unable to use them to advantage. Hudgens, Milling, and Moore each got two hits and each scored runs. Harmon was not up to his usual form Thursday. He allowed nine hits and walked six, while he struck out only three. Minnick, Hornet pitcher, allowed eleven hits and struck out five.

The second game played in Greenville was decidedly the better exhibition of baseball of the two. Both teams played jam up ball all of the time, the result of which was a close victory for the Furman Hornets. Hipps, of Furman was the slugger of the day, he being the only one of the Furman team to get hits. Bill Hudgens, McGill and Manning accounted for the three hits that the Tigers registered, and Hudgens scored Clemson's only run.

Charlie Bryan, who went to relieve Long on the mound for the Tigers, pitched a splendid brand of baseball for the remainder of the game. This was Bryan's first time on the mound this season, and from the way he conducted himself in that position it seems that this will not be his last time to face hostile batters. Charlie put over some balls that kept the Hornets swinging and guessing. Hipps, Furman first baseman was the only one of the Purple and White team to succeed in solving the puzzle, and even he could not do any more than single. Bryan has the coolness, the nerve, and the control that go together to make a good pitcher, and it is very likely that he will have ample opportunity to serve the Tiger team in this capacity many times before the season is over.

Hipps and McElveen accounted for the winning runs, making Furman the victor, two to one.

Struck out by Bryan 3; Jones 3. Hits off Long in 2-3 of an inning 1. Losing pitcher, Bryan. Umpire, Anderson. Time, 1:40.

The University of Illinois has purchased a \$10,000 "raincoat" for its football field. The covering, said to be the first gridiron cover ever made, is of a rubberized fabric and in four sections, with its seams laced with quarter-inch hemp.

The cornerstone for the new \$6,000,000 Miami University was laid last month at Coral Gables. A gift of \$4,000,000 and sixty acres of land was made by George E. Merrick, and Florida business men pledged themselves to raise the remaining \$2,000,000.

Three thousand students at North-western University are keeping account of the time consumed in eating, sleeping, studying and playing. The idea is to determine the average distribution of time between social activities and studies.

CLEMSON MAN ELECTED BY SCIENCE ACADEMY

At the third annual meeting of the South Carolina State Academy of Science which was held recently at LeConte College University of South Carolina, officers for the ensuing year were elected. Dr. A. C. Moore, of the University of South Carolina, was elected to succeed Dr. F. H. H. Calhoun, of Clemson, retiring president of the Academy, and Dr. H. W. Barre, of Clemson was elected vice-president.

At the business meeting the following officers were elected: President, Dr. A. C. Moore of University of South Carolina; vice president, Dr. H. W. Barre of Clemson; permanent secretary and treasurer, Dr. G. C. Bruce of Winthrop; council members, Dr. Stephen Taber of Carolina, Dr. R. H. Sullivan of United States weather bureau; Prof. H. E. Sturgeon of Presbyterian college.

Seventy-five members were in attendance. The address of the retiring president, Dr. F. H. H. Calhoun, was on "The Religion of the Scientist."

Reading papers were: S. Brown, Thomas Smyth, H. H. Tryon, F. A. Fenton, L. L. Smith, J. K. Cook, I.

W. Grote, H. W. Barre, George M. Armstrong, Miss Laura Bragg, F. Sherman, E. F. Shiver, W. H. Hoy, T. F. Ball and W. D. Strother.

RED CROSS EXPERT WILL CONDUCT TESTS

Captain Reese, Auburn Graduate and Athlete, To Be At Clemson

What would you do if someone were drowning? Could you spring to the rescue, bring him ashore, perform resuscitation if necessary, and save a life? Or would you have to look on in helplessness while a life was lost?

The local Chapter of the American Red Cross is bringing to Clemson an expert from Washington who, with the help of local people, will conduct a First Aid and Life Saving Training Course beginning April 12. The object of the course is primarily to qualify Cadets, and Faculty members to be Red Cross Examiners, in order that they may impart this important knowledge to other people.

Capt. John Lewis Reese, who will conduct this course, passed the Red Cross tests for Life-Saving in 1919 and did volunteer work in water safety until he joined the National Organization. A passion for athletics led him to water sports. While attending Alabama Polytechnic Institute he not only played football but later coached. He has also been a baseball coach. He commanded the R. O. T. C. regiment of the school during his last year there. He is unusually well qualified by his experience to instruct others in this work.

Next week in the Y. M. C. A. pool cadets are going to pass tests that make Leander's famous swim across the Hellespont with his armor on look like a small town act.

Detailed information about the course may be obtained in Room 278.

Woman's Club to Give Benefit Bridge Tournament

On the evening of April 12, the Woman's Club will give a bridge tournament at the home of Mrs. E. W. Sikes. This tournament will be for the benefit of the Woman's Club scholarship fund. The price of the tickets will be fifty cents. It is hoped that a large number of campus people and cadets will attend this party. This bridge tournament affords an afternoon of pleasure while at the same time it promotes a worthy cause. For these reasons the ladies wish to have a large attendance next Monday evening.

International relations with England have been strained due to a bit of horse-play on the part of a student at Stanford University. The unfortunate one was horseback riding and "did a Wales" when his gallant steed refused to jump the six-inch barrier which encloses the field. The rider described a graceful parabola just before coming in contact with the ground. A typical "student" Prince, as it were.

Coker Periscope Praises Clemson Glee Club Show

Of the numerous trips that the glee club has taken this season probably the one that they enjoyed most was the trip to Coker College. That the boys were not the only ones who enjoyed the club's visit to Hartsville is evident from the following editorial taken from the Coker College "Periscope".

One might say that there is never a happier crowd of girls, never quite so many or as broad grins, never quite so much enthusiasm, as when a glee club is expected on the Coker College campus! We admit that such an anticipation is quite favorable to our "brains", which have been crowded with math, chemistry and physics for weeks, with little diversion, sometimes. But, it was noticed that upon the last occasion when such a thing was being "looked forward to", that excitement seemed even more prevalent than ever before. Yes, Clemson Glee Club was coming and our beloved former President, Dr. Sikes, with them! From the time of the arrival until the "busses" came to take them away Sunday, there was a spirit of "good times" on our campus. No glee club has ever made any more favorable impression upon Coker. Their formal entertainment was enjoyed by others than our student body and faculty

and perhaps the Senior class might be able to tell us more of the informal entertainment. What say you, Seniors?

We hated to see Dr. Sikes leave Coker, but after this visit of Clemson boys, we are certainly aware of the great influence he is exerting there, as he used to exercise on our own campus. The club served as a source of pleasure and enjoyment to Coker, the whole time it was here.

As a result of the dramatic ducking of a freshman co-ed in a fountain at New York University, the sophomore who performed the ritual was kidnapped by a band of freshmen co-eds the following day. Two of her classmates observed the incident and gave immediate pursuit in a taxicab. A traffic jam delayed the kidnapers, and they were overtaken by the persistent pursuers.

Women in one of the gym classes at the University of Nevada have been coached in the elevating art of writing with their toes. Each of the eight women in the class is required to write her name with chalk before class is dismissed.

While in the heart of Africa a graduate of the School of Mines at the University of Minnesota lost his fraternity pin. Several years later he saw it around the neck of one of the wives of an African chieftain.

LYCEUM COMPANY PRESENTS COMEDY

A play, "The Other Fellow's Shoes", staged in the college chapel recently as one of the numbers of the regular lyceum course, was the most entertaining of all the attractions presented in the course. It was put on by the L. Verne Stout Players.

"The Other Fellow's Shoes" is laced with laughs, sewed with smiles; tapped with thoughts, and squeaking with sunshine. It is the 20th Century Inspirational Comedy of young America and business. It is a comedy full of quaint characters and humorous sayings, a few heart throbs and many mirth provoking situations. The play possesses exclusive Southern direction. The cast was specially selected from picked players.

Recent investigation has found that Norte Dame has produced more college coaches than any other institution in the country.

Two hundred forty-four women students at Indiana University are earning over \$50,000 during the year while carrying on their regular school work. Sixty-three of these girls are working their way through college.

CAMPUS NOTES

Miss Janet Sikes is spending a few days on the campus visiting her parents Dr. and Mrs. E. W. Sikes. She attends Meredith College in Raleigh, N. C.

The Womans Club met on Monday afternoon at the home of Mrs. Brackett.

Miss Heneritta Ravanel spent last week-end on the campus with her parents Mr. and Mrs. Daniel Ravanel.

COLLEGE OFFICIALS GO TO ELECTRIFICATION MEET

Professors H. W. Barre, S. B. Earle and J. T. McAlister attended a meeting of the state electrification conference at the John C. Cahoun hotel in Anderson during the past week. Professor Barre is chairman of the state committee. At this meeting it was urged that all members of the committee attended the national conference, to be held in Montgomery, Ala., April 6, 7, and 8. The committee from Clemson college expects to attend to represent the college and to offer any assistance that it may give.

Y. M. C. A. NOTES

The annual election of officers for the Y. M. C. A. was held in the Y. M. C. A. building last Sunday evening, resulting in the following officers for the session 1926-27:

President, Cadet J. R. Cooper of Belton; vice president, Cadet J. W. Williamson of Hamer; secretary, Cadet G. E. Metz of Charleston.

The Clemson college gospel team, composed of cadets of the college, conducted services in Liberty Saturday night. The following members of the team took part in the services: Cadet J. R. Cooper of Belton, J. W. Williamson of Hamer, E. N. Geddings of Sumter, L. G. Simmons of Greenville, L.

G. Knobeloch of Charleston, T. L. Vaughn of Cowpens, L. D. Watson of Ridge Spring and T. M. Ross of Spartanburg.

A librarian at the Ohio State University has conducted a date bureau for the past two years. During that time he has introduced over 500 couples, and knows of one marriage resulting from his introduction.

Cornell University has recently acquired the most valuable collection of Wordworth that is in existence. Over a thousand books and periodicals pertaining to the great poet, some of which are not even found in the British Museum, are in the collection.

WOFFORD TERRIERS VICTORIOUS OVER TIGERS SATURDAY

Clemson Team Loses By Narrow Margin of One Run; Dunlap Stars at Bat

The fifth game that the Tiger baseball team has played this year resulted in a defeat for the Clemson club as the Wofford Terriers left the field victorious by a 6 to 5 count Saturday afternoon. The Terriers took the lead in the third inning and held it by a safe margin throughout the game. The Tigers rallied in the eighth and ninth, but were unable to make the grade, as a result of which the game ended with Wofford on the large end of the score.

Thackston pitched a splendid game for the Terriers, but failed to shade Charlie Bryan of the Tiger club. Bryan suffered the disadvantage of several breaks that cost the Tigers the victory. Thackston's support in the pinches, and the Terrier's ability to take advantage of errors accounted for their winning Saturday.

"Floopy" Dunlap took the honors in poling the horsehide. He drove one out to left field that resulted in one of the most unusual home runs that the writer has ever seen. The ball hit the fence about a foot or so from the top, fell to the ground from where it bounced, hitting the fielder's leg while he was running to scoop it up, and bounced over the fence. This scored two runs for the Tigers. Later in the game Dunlap got a three-bagger also. Orvin and Folk were the outstanding hitters for Wofford.

The Terriers held the lead, 6 to 3, until the eighth when the Jungle Beasts started a rally which netted them one run. Clemson scored another in the ninth, and had a man on second and one on third when the final out came.

LOST

One gold football with M. H. Jones, Q Back, '24 on same. Please return to room 302 and receive reward.

They call it the "Pierce Type"

R. T. PIERCE

When the class of '15 at Maine was being graduated, the name "Pierce" meant no more in the field of metering than Sweeney or Jones. Today, however, if you'll talk to such companies as the Detroit Edison Company, The Southern California Edison Company, the Duquesne Light Company, or the United Verde Copper Company, you'll learn that "Pierce" means a type of remote metering, which enables a man in a central dispatcher's office to read the condition of a sub-station several miles away.

Superpower brought in the need for an improved method of remote metering, and R. T. Pierce, Maine '15, in the employ

The question is sometimes asked: Where do young men get when they enter a large industrial organization? Have they opportunity to exercise creative talents? Or are they forced into narrow grooves?

This series of advertisements throws light on these questions. Each advertisement takes up the record of a college man who came with the Westinghouse Company within the last ten years or so, after graduation.

of Westinghouse, devised it. He designed a system that operates on a new and different principle, and that has met with general acceptance in the Central Station field. He also was active in the recent re-designing of the entire Westinghouse instrument line.

It was only a few months after Pierce had completed the graduate student course at Westinghouse that he was given an assign-

ment in the instrument section of the engineering department. He took it merely as a "fill-in" job. Soon he saw that instruments play a vital part in every electrical operation. As an instrument engineer, Pierce spent several weeks on the U. S. S. Tennessee and the Colorado during their trial runs. He has ridden in the cabs of electric locomotives. He is in closer touch with radio than anyone not a radio engineer.

A design engineer comes continuously in contact with sales negotiations, and Pierce's contact with them proved so beneficial that he was lately made head of the Instrument Section of the Sales Department, which means that he really has charge of the sale of all instruments to Westinghouse customers.

Westinghouse

SPORTS

TRACK TEAM GOES TO TECH RELAYS

SPORTS

Now That Another Mile Post has been passed, and spring holidays are in the background, The Tigers will have to settle down for the final lap of the run. Just about seven more weeks until commencement, now, and that means that the Tiger baseball team has only six more weeks to win the rest of the games on schedule and the State championship.

Their Record So Far is anything but pleasing, and the team will certainly have to come out of the slump if they expect to realize any of their ambitions. Up to the time that this issue goes to press the Tigers have one victory out of six games played to their credit. They should have won at least fifty percent of these games. Just what is the trouble is not clear, but it is certain that the team has played much better ball than they have in the last several games.

Although The Pitching Staff is slim, that does not seem to be the trouble. The pitchers have been showing up well for the amount of work they are having to do, on account of the scarcity of twirlers, and it seems that it is left up to them to win their own games. The support given them has been rather slim, and from an observer's point of view, it appears to be slightly indifferent. There must be some pick up if any games are to be won, and that soon. We know you can play ball, Tigers, and we want to see you do it. Let's see some victories.

Losing That Track Meet to Furman last Saturday came as a surprise to Tigertown, and was rather a disappointment too. But probably that was just the kind of baptism that the track team needs to make it fight all the harder in the rest of the meets. If so, that is just the stimulus they need to win out at the Tech Relay Carnival in Atlanta on Saturday. On to Tech, Tracksters, and let's hear from you favorably.

Jungle ball club is now on a trip to Auburn where they play a two game series with the Alabamans on Tuesday and Wednesday. Probably a trip out of the state will break that streak of bad luck that the team has been having lately.

For years Wofford has had a strong baseball team, and this year is no exception. That scrap they gave the Tigers Saturday proved it beyond any possibility of a doubt. The Terriers are wizards with the Willow, and are demons on the defense. They proceeded to batter the ball all over the lot, and then when the Tigers tried to do the same the Terrier team spoiled their efforts. Wofford has a fast nine this year, and one that has a future in South Carolina college baseball this season.

For the last several years Furman has been threatening with a track team. Last year they put a team in the field that gave the Tigers a run for their money, and now look what they have done. The threat has become a reality and the Purple and White is becoming a power on the cinder path.

There is one aggregation that works out on Riggs Field regularly that has not as yet had its mettle tried, but seems to be developing into a well tempered and efficient machine. That aggregation is the Cub baseball team. Already they have given the varsity some keen competition in practice games, and since spring holidays they are better than ever. Coach Tink is making a real baseball outfit of the Rat material, and one that promises to make a record run this season.

WHELP BASEBALL SQUAD CONDITIONS FOR HARD SEASON

Coach Tink Gillam Has Good Prospects for Freshman Nine

The Tiger Whelps are fast rounding into shape as the time for their first game draws near. The initial encounter is with the North Georgia Aggies at Dalhousie, Ga. They play two games, one on Friday and another on Saturday. From the way the Cubs look in practice it looks as if they will return with two games to their credit this week.

They have been indulging in strenuous practice this week, running the bases, hitting, and practicing signals. The infield is showing some real pep in handling the ball and tagging up the bases. The men are all fast fielders.

"Hoot" Gibson and Dean Pearman are showing some real "stuff" with the ball. Both of these men made good records in high school and they should come through with a successful season this year. Fred Pearman and Martin are the catchers who are holding the backstop position in great style. Moorer, at first, Coleman, at second, Barry at shortstop, and Williams at third, make up the quartet that is showing so much speed in the infield. Sexton, Tatum, Hoover and Player are the players who represent the hard-hitting outfield.

TRACK TEAM GOES TO ATLANTA FOR RELAY CARNIVAL

Tigers Hope to Win New Honors—Have Made Records in Other Years

The Tiger tracksters journey over to Atlanta Saturday to participate in the annual Tech relays. They will enter the sprint medley, the distance medley and possibly the mile relay. Ross Odell will enter the high jump and the pole vault.

The sprint medley is composed of one 440 yard dash, two 220's, and one half mile. The distance medley is made up of two 440's, one half, and one mile. Four, miles make the four-mile relay.

Clemson broke the worlds record in the distance medley two years ago and they broke their record last year. Roy, Robinson, Newman, and Cullum were the men who set this mark. The Tigers also came out second in the sprint medley.

Roy, Mitchell, Robinson, and Newman made up the quartet that ran in this event.

Ross Odell who already holds the southern record for the pole vault will again compete at the relays. He set his record while a member of the Atlanta Athletic Club. He expects to better his own mark next Saturday.

Every college and prep school in the south of any size has already made its entry in the relays. Over 700 athletes will participate in this big carnival.

The men who will most likely comprise the Tiger team will be Captain Roy, Newman, McLeod, Reynolds, Turner, Odell, and Mitchell. Clemson is looking forward to these men to "bring home the bacon".

Georgia Tech students assumed the roles of judges when they were given the opportunity to grade their professors on several essential points. Blank slips were distributed, and the students graded each of their instructors on: His knowledge of subject; his ability to teach; his popularity with the students; his fairness; and his attitude toward his work.

NEW DISCUS RECORD IS MADE IN CALIFORNIA

Stanford Stadium, Calif.—A new world's record in the discus throw was established here today, when "Bud" Houser of the University of Southern California heaved the platter 158 feet, 1 3-4 inches. The mark, set in a meet between University of Southern California and Stanford university, bettered the old record made by "Tiny" Hartranft, Stanford, of 157 feet, 1 7-8 inches.

When the runners are bunched on the track—and suddenly Chuck, your own superman half-miler, spurts ahead on the finish and wins—have a Camel!

WHEN the lithe half-milers are fighting for the lead. And your own dauntless champion suddenly soars ahead and wins—have a Camel!

For you'll never find another friend so attuned to your triumphs as Camel. Camels are made of the choicest tobaccos grown—they never disappoint your taste. Camels annihilated cigarette after-taste. Regardless of price, you'll never buy better tobaccos, or blending, or flavor than you get in Camels.

So this year when the old school's men go through for victory after victory—taste then the smoke that's choice of the world's victorious.

Have a Camel!

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and domestic tobaccos. The most skillful blending. The most scientific package. No other cigarette made is like Camels. No better cigarette can be made. Camels are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.
R. J. Reynolds Tobacco Company
